Extra info?

I'd like to share a list with songs that are absolutely must plays. (i can also send an email with an attached or pdf document if that would be helpful) I have a couple other notes about music volume and flashing lights, but I can share these during our conversation! We are also super excited about having our wedding be super faith focused and Christ being truly the center of our wedding, we are not super sure on how to do this in a way that doesn't shove the gospel down our guests throats, but just wanted you to know the heart behind our day. We want Christ to be glorified and simply the joy of marriage and life in Him to be celebrated! All songs that are played please play the clean version!
